

MOSCONE CONVENTION CENTER
SAN FRANCISCO, CALIFORNIA
Anthony Lumsden for DMJM

CLIENT: City of San Francisco
CONTACT: John Cribbs- Project Manager
San Francisco, California 94012
415.554.6180

COMPLETION: 1993

DESCRIPTION: This expansion project doubled the size of the existing Moscone Convention Center, providing a total of 577,750 gross square feet of additional space. It is composed of above ground meeting room facilities and additional Convention Center exhibit space below ground at the level of the existing space. The project was completed while allowing continual use of the existing facility.

COST: \$ 130 million

ROLE: Anthony Lumsden was the Architect in charge of Design for DMJM in association with Gensler Architects.

STATUS: Project built and well under construction budget
