

**PROVIDENT CENTRAL CREDIT UNION HEADQUARTERS**  
REDWOOD SHORES, CALIFORNIA

CLIENT: Provident Central Credit Union  
COMPLETION: 1992

DESCRIPTION: In an effort to consolidate its operations, Provident selected a 7-acre site at Shores Center, the commercial portion of the Redwood Shores development in Redwood City for this 7-story, 165,000 square-foot headquarters. In order to reduce the building height, relating the building to adjacent structures, and reduce construction cost, the design developed a large efficient floor plate, which maximizes usable footprint. Program includes general administrative office space, executive suites, training and computer facilities, a branch members' service center, employee cafeteria, health club and child-care facilities.

COST: \$ 14 million  
ROLE: Anthony Lumsden was the Design Architect of this project.  
STATUS: Project is built
